The undersigned expressly agrees that BAWSCA and its participating member agencies: 1) May inspect all properties participating in the High-Efficiency Toilet Rebate Program, 2) do not guarantee the performance of any toilet, 3) do not warrant any toilet or installation to be free of defects, and 4) do not warrant the quality of workmanship, or the suitability of the premises or the toilet for the installation. The undersigned further agrees to defend, indemnify and hold harmless BAWSCA and its participating member agencies including their directors, officers, agents, and employees, from and against any and all loss, damage, expense, claims suits and liability, including attorneys fees arising out of or in any way connected with the toilet(s) and its (their) installation. Applicant has read, understands and agrees to the terms and conditions listed on the High-Efficiency Toilet Rebate Program application. Applicant understands that installation of a qualifying high-efficiency toilet may not result in lower water bills. BAWSCA and its participating member agencies reserve the right to add or remove eligible high-efficiency toilets from the list or change the terms of the incentive offer at any time.

I HAVE READ, UNDERSTAND, AND AGREE TO THE TERMS AND CONDITIONS OF THIS REBATE PROGRAM.

Get Up To \$150 For Replacing Your Old Toilet With A High-Efficiency Model

Save Water.

Save Money.

Participating BAWSCA Agencies offer up to a \$150 rebate when you replace your old toilet that uses 3.5 gallons per flush (GPF) or more with a new, high-efficiency toilet (HET).

A toilet that uses 3.5 GPF or more accounts for roughly 26% of your home's indoor water use. One of the easiest ways to lower your toilet's water use by approximately 62% is to install a HET, which uses an average 1.3 GPF or less. Although HETs use less water, they remove waste effectively and perform well.

High-Efficiency Toilet (HET) Rebate Program Eligibility

- The HET Rebate Program only rebates the replacement of toilets using 3.5 GPF or more. *You must replace a toilet flushing 3.5 GPF or higher to receive a rebate. If you are unsure about your existing toilet size, go to www.bawasca.org for directions on how to determine this.*
- No standard 1.6 GPF toilets qualify for a rebate.
- New construction or bathroom improvements made after 1993 do not qualify.
- HETs must be purchased between July 1, 2009 and June 30, 2010. HET installation and rebate application postmark must be completed within 90 days of purchase date.
- Original receipt(s) must be sent with application.
- The exact tank and bowl model number of the HET you purchase must be on the List of Qualifying HETs for your water agency on the day of your purchase. An updated List of Qualifying HETs will be posted at www.bawasca.org.
- Rebates are **\$150** per HET or up to the total HET cost (not including sales tax), whichever is less.
- Limit: Three rebates per living unit, not per account. Ten rebates per commercial account. For information on rebates above this limit, call BAWSCA at (650) 349-3000
- A separate application must be submitted for each metered address.
- If you need your original receipt(s) returned, please enclose a self-addressed, stamped envelope with your application.
- A pre-purchase inspection and post-installation inspection are required for any site where seven or more HETs are being replaced.
- All sites are subject to post-install inspections.
- Approved HETs must be installed within the service area of your water agency.
- All rebates are subject to availability of funds. Rebates may take up to eight weeks to process.
- Rebates are issued as checks or issued as credits on water service account.
- Applicant certifies that necessary permissions have been obtained from the property owner, if applicant is not the owner.

To be eligible for a rebate you must be a customer of one of these participating BAWSCA agencies

- City of Brisbane/Guadalupe Valley Municipal Improvement District (Ck)
 - City of Burlingame (Cr)
 - California Water Service Company
 - Bear Gulch District (Ck)
 - San Mateo/San Carlos District (Ck)
 - South San Francisco District (Ck)
 - Coastside County Water District (Ck)
 - Daly City (Ck)
 - Foster City/Estero Municipal Improvement District (Ck)
 - City of Hayward (Ck)
 - City of Menlo Park (Ck)
 - Mid Peninsula Water District (Cr)
 - City of Millbrae (Ck)
 - Redwood City (Ck)
 - City of San Bruno (Ck)
- * Ck = agency will issue rebate check
* Cr = agency will issue credit to water account
